

Application No. 10/688,822
Reply to Office Action dated 3/11/05

Amendments to the Drawings:

Please replace the drawing sheet containing Figs 3A and 3B with the Replacement Sheet attached hereto.

REMARKS

The foregoing amendments and these remarks are responsive to the Office Action mailed March 11, 2005 in connection with the above-identified application. In the Action, claims 1-10 and 14-22 were allowed, and claims 11-13 were objected to. The Applicant is pleased to note that the application is in condition for allowance except for formal matters, and that prosecution on the merits is closed in accordance with the practice under *Ex Parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

In the Action, the Examiner objected to the disclosure because of typographical errors at page 4, lines 19-20 and at page 6, line 27. In the foregoing amendments, the Applicant has amended the specification to correct these errors. No new matter is presented. Withdrawal of the objection to the disclosure is therefore respectfully requested.

The drawings were objected to as failing to comply with 37 C.F.R. 1.84(p)(5) because they include reference characters not mentioned in the description, specifically 302, 304, and 306 in Figs. 3A-B. In response to the objection, the Applicant submits herewith a replacement sheet containing Figs. 3A-B which has been corrected to delete these reference characters. Withdrawal of the objection to the drawings is therefore respectfully requested.

The Examiner objected to claims 11-13 under 37 C.F.R. 1.75(a) for failing to particularly point out and distinctly claim the subject matter which the Applicant regards as the invention. Specifically, the Examiner stated that the limitation "said antenna" in claim 11 lacks antecedent basis. In the foregoing amendments, the Applicant has deleted "said antenna" and inserted therefor -- said coil--. This amendment is supported by the specification as filed, no new matter is presented. Antecedent basis for the limitation of "said

properly from the instantly amended claim 11. In view of the foregoing amendments,
withdrawal of the objection to claims 11-13 under 37 C.F.R. 1.75(a) is respectfully requested.

Conclusion

The Applicant submits the application now stands in condition for allowance, which
action is respectfully requested. The Examiner is requested to telephone the undersigned in
order to discuss any further objections, allowing the Applicant to expedite a response.

Respectfully submitted,
